## **INDEPENDENT AUDITORS' REPORT TO THE PRINCIPALS AND ELECTORS OF THE PARISH OF ST SAVIOUR**

### **Opinion**

We have audited the accounts of the Parish of St Saviour (the "parish") for the year ended 30 April 2021 on pages 4 to 15. The accounts have been prepared in accordance with the accounting policies set out therein.

In our opinion, the accounts for the year ended 30 April 2021 have been prepared in accordance with the accounting policies as set out on page 10.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the accounts section of our report. We are independent of the parish in accordance with the ethical requirements that are relevant to our audit of the accounts in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of matter – basis of accounting**

Without modifying our opinion, we draw attention to note 1 to the accounts, which describes the basis of accounting. The accounts are prepared for the purpose of presentation to the Parish Assembly, together with estimates of the funds required by the Parish, in accordance with Rates (Jersey) Law 2005. As a result, the accounts may not be suitable for another purpose.

### **Conclusions relating to going concern**

In auditing the accounts, we have concluded that the Connétable's use of the going concern basis of accounting in the preparation of the accounts is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Parish's ability to continue as a going concern for a period of at least twelve months from when the accounts are authorised for issue.

Our responsibilities and the responsibilities of the Connétable with respect to going concern are described in the relevant sections of this report.

### **Other information**

The other information comprises the information presented other than the accounts and our auditor's report thereon. The Connétable is responsible for the other information. Our opinion on the accounts does not cover the other information and we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the accounts or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the accounts themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## **INDEPENDENT AUDITOR'S REPORT TO THE PRINCIPALS AND ELECTORS OF THE PARISH OF ST SAVIOUR (Continued)**

### **Responsibilities of the Connétable**

The Connétable is responsible for the preparation of the accounts in accordance with applicable law and the Parish's own accounting policies. In preparing these accounts the Connétable is required to select suitable accounting policies and apply them consistently, make judgements and estimates that are reasonable and prudent and prepare the accounts on the going concern basis unless it is inappropriate to assume that the Parish will continue in operation.

The Connétable is responsible for keeping proper accounting records which show with reasonable accuracy at any time the financial position of the Parish. The Connétable, together with the Procureurs du Bien Public, is also responsible for safeguarding the assets of the Parish and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In preparing the accounts, the Connétable is responsible for assessing the parish's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

### **Auditor's responsibilities for the audit of the accounts**

Our objectives are to obtain reasonable assurance about whether the accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these accounts.

*Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud:*

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

During our audit we assessed the risk of material misstatement of the accounts as a result of non-compliance with relevant laws and regulations (irregularities), including fraud. Based on our understanding of the parish and its environment, together with discussion with senior management where appropriate, we were able to identify those laws and regulations which would have a direct effect on the accounts as well as those which may have an effect on amounts in the accounts, for instance through the imposition of fines or litigation. These included, but were not limited to Rates (Jersey) Law 2005 as well as general legislation applicable to a Parish's activity, such as Employment Law, Health and Safety Regulation and Data Protection requirements. The risks arising from these laws and regulations were discussed amongst the audit engagement team, including consideration as to how and where fraud might occur.

Based on our assessment, the Engagement Partner ensured that the audit engagement team was composed appropriately with suitable competence and capabilities in order to allow identification and recognition of non-compliance with laws and regulations. The risks identified were communicated to all engagement team members who remained alert during the course of the audit for any indication of irregularities, including fraud.

**INDEPENDENT AUDITOR'S REPORT TO THE PRINCIPALS AND ELECTORS  
OF THE PARISH OF ST SAVIOUR (Continued)**

**Auditor's responsibilities for the audit of the accounts (continued)**

Our procedures in response to the risks identified included the following:

- Enquiry of management, including consideration of known or suspected instances of non-compliance with laws and regulation or fraud;
- Review all available minutes of meetings held by those charged with governance;
- Performing analytical procedures to identify any unusual or unexpected relationships that may indicate risks of material misstatement due to fraud;
- In common with all audits carried out under the ISAs(UK), we carried out procedures in response to the threat of management override, including those considering the appropriateness of journal entries and judgements made in making accounting estimates;
- Review for any changes to activities which the parish undertakes.

There are inherent limitations in the audit procedures above and, the further removed non-compliance with laws and regulations is from the events and transactions reflected in the accounts, the less likely we would become aware of it. In addition, the risk of not detecting material misstatement due to fraud is higher than detecting one resulting from error, as fraud may involve deliberate concealment by, for example forgery, collusion or intentional misrepresentations. We are not responsible for preventing non-compliance and cannot be expected to detect all non-compliance with laws and regulations.

A further description of our responsibilities for the audit of the accounts is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of our report**

This report is made solely to the principals and electors of the Parish, as a body. Our audit work has been undertaken so that we might state to the Parish's principals and electors those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Parish and the principals and electors of that Parish as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE ACCOUNTS**  
**FOR THE YEAR ENDED 30 APRIL 2021**

**1. ACCOUNTING POLICIES**

**1.1 Basis of accounting**

The accounts have been prepared under the historical cost convention and in accordance with accounting policies selected by the Parish. A selection of the more important accounting policies, which have been applied consistently, is set out below.

**1.2 Income**

The Parish rates are brought into account on a receipts basis. Income from ten-year driving licences is apportioned over the period of the licence (See Note 4 below). All other income, including bank deposit interest, is brought into account on a receipts basis.

**1.3 Traffic works Income**

Whilst the Road Works and Events (Jersey) Law 2016 does not require Parishes to include income from permit fees within the Roads Account, the Connétable and Procureurs du Bien Public are of the opinion that this income is best reflected within the Roads Account. The permit fee income received is included within "Road Work Permits".

**1.4 Expenditure**

Expenditure is accounted for on an accruals basis.

**1.5 Fixed assets**

Land and buildings owned by the Parish, with the exception of two of the Maison Connétable Ozouf bungalows, are not reflected in the balance sheet but are listed in Note 10. Furniture and equipment are written off in the year of acquisition.

**2. RATES**

Rates received are brought into account in the financial year in which they are received.

<b>Rates receivable</b>	<b>2021</b>	<b>2020</b>

	<b>2021</b>	<b>2020</b>
Balance at 30 April 2021	<u>£ -</u>	<u>£452,145</u>

On 27 August 2014 a Parish Assembly voted in favour of the Parish of St Saviour accepting a gift of 30 bungalows with associated parking rights relating thereto in Langtry Gardens and 8 parking spaces in Chasse Brunet. The Assembly also authorised the purchase of two further bungalows on the same site. The same Assembly authorised the use of funds of £370,000 for the purchase of the 2 bungalows and £100,000 for costs relating to the acquisition of all. The funds for the purchase were borrowed from the Pension Reserve account. This loan which was bearing interest at the rate of 5% p.a. was repaid during the financial year.

**11. PARISH NON-CONTRIBUTORY PENSION SCHEME**

Certain employees of the Parish are entitled under their terms of employment to receive pensions from the Parish. These persons are long standing members of staff, both administration and manual workers, who elected not to join the States of Jersey Public Employees Contributory Retirement Scheme (PECRS). There are at present sixteen persons receiving pensions directly from the Parish and a further one person will be entitled to receive pension in this manner.

In addition to the annual vote in the Parish accounts for the cost of these pensions, a reserve fund has been established by Act of Parish Assembly, from which some of the cost of the pensions were paid until 30 April 2007. Subsequent to that date it has been decided to charge all pensions paid by the Parish under this scheme to the General Account and also to credit the bank interest arising on this reserve fund to the General Account.

**12. STATES OF JERSEY PUBLIC EMPLOYEES' CONTRIBUTORY RETIREMENT SCHEME**

**Pension costs**

With the exception of those referred to in note 11, the remaining employees of the Parish are members of the Public Employees Pension Fund ('PEPF'), which includes the Public Employees Contributory Retirement Scheme ('PECRS') and a career average revalued earnings (CARE) section known as the Public Employees' Pension Scheme (PEPS). The PECRS, whilst a final salary scheme, is not a conventional defined benefit scheme as the employer is not responsible for meeting any ongoing deficiency in the scheme. The PEPS is a career average revalued earnings scheme, but is not a conventional defined benefit scheme as the employer is not responsible for meeting any past service deficiency in the scheme. The pension funds are therefore accounted for as defined contribution schemes.

Since 1 January 2016 all new employees have been admitted into PEPS. Existing employees in the PECRS transferred into PEPS on 1 January 2019 with the exception of members who were within 7 years of their normal retirement age on 31 December 2018 who had the option to remain in PECRS. Contributions to the Scheme are at the rate of:

- 15.2% of salary in respect of each employee who is a member of the PECRS.
- 16% of pensionable earnings in respect of each employee who is a member of the PEPS.

Salaries and wages include pension contributions for staff amounting to £189,119 (2020: £181,907).

The Parish also has a liability to meet its share of the pre-1987 debt of the PECRS, as do all participating employers. This arose from the restructuring of the PECRS arrangements with effect from 1 January 1988. The PECRS Council of Management formally determined the pre-1987 liability in September 2005 and in January 2006 the Parish was advised of the repayment schedule to meet the liability, which was deemed to have taken effect from January 2002. The PECRS actuary advised that the Parish's share of the liability was to be serviced by the payment of a monthly sum, starting in February 2006 and continuing until December 2083. Initially the monthly sum, which includes repayment of interest, was set at £665 and will increase each January to an amount calculated by the actuary, but approximating to rises equal to the increase in pay of the PECRS membership. The monthly sum with effect from 1 January 2020 was £1,187 and from 1 January 2021 was £1,209.

It is the Parish's accounting policy not to account for fixed assets or long-term liabilities. Therefore, the above mentioned gross pension liability for the pre-1987 debt and the related charge have not been recorded in the accounts at 30 April 2021. The Parish has agreed to meet this liability through an established repayment schedule, which would be in place even if the Parish has no participating members at the time. Under this schedule, payments made including interest incurred will be charged to the General Account in the year they are paid. In view of the agreed schedule the Constable and Procurers believe that the Parish is able to continue to meet all of its obligations as they fall due. Under the agreed scheme the Parish has the option to repay the full liability at any time.

**13. CONTINGENT LIABILITY**

The Parish of St Saviour, along with all the other Parishes, is party to an agreement whereby the Parish has access to certain Government of Jersey computer databases. The Parish, along with all the other Parishes, is liable to pay damages in the event of a security breach, which has been estimated to total £100,000. This would be divided between the Parishes on a pro-rata basis, with the Parish of St Saviour's share calculated as being £14,327. At the date of these accounts, the Constable is not aware of any such breaches of security that would result in a claim for damages being received.
