Glass bottles & jars

Cardboard milk & juice cartons

Margarine or yoghurt tubs

Plastic tea / coffee cups

Cotton wool products

Plastic meat or vegetable trays

Aerosols

Bread bags

Black plastic, film, carrier bags or sacks

**PLEASE RINSE CANS, BOTTLES, TUBS AND TRAYS**

## WHERE DOES OUR RECYCLING GO?

**Cardboard** is delivered to a paper mill called “Allard”, South of Le Mans, they make large rolls of brown paper which is used in the remanufacture of cardboard by gluing several laminates together.

**Light card and paper mix** is delivered to Norpaper in Nantes, a paper mill that produces rolls of brown paper with a white top similar to cardboard remanufacture as above.

**Steel** is delivered to FMGC in Soudan (NW near Chateaubriant), where they produce forklift counterweights.

**PET (polyethylene terephthalate)** is delivered to FRP (France PlastiqueRecyclage) in the town of Limay (between Rouen and Versailles), A flake is made from the old bottle that is used directly to reproduce new bottles.

**Aluminium** is delivered to Fonderie d’Anjou near Angers, where they melt the material and this is used widely for part manufacture.

As you can see your efforts will play a huge part in our bit for the planet. Thank you and please keep up the great work.

---

## THE CLEAR RECYCLING BAGS CAN BE COLLECTED AT THE FOLLOWING STORES

Co-op Maufant Locale

Parish Depot/ St Helier Depot

Alliance Tesco, Sand Street

Parish Hall (both Parishes)

Waitrose St Helier

Alliance Tesco, Broad Street

Waitrose Rue des Pres
